BAJDOURI Zouhair

Cybersecurity Student | Software Developer

Fes, Maroc • zouhairbjdr@gmail.com • +212684660027

Education

Ecole Supérieure de Technologie — **Fès**

University Diploma of Technology (DUT) in Network Management & Security — 2024-2026

Professional Experience

alledge — Remote

Systems & Security Developer — Apr 2026 – Aug 2026

- Developed an edge connectivity agent in Rust using WireGuard tunnels and the NATS messaging bus.
- Developed a security connector that normalized Wazuh SIEM events into the OCSF.
- Implemented network resilience mechanisms, including automatic reconnection and exponential backoff.
- Designed and maintained cross-platform CI/CD pipelines (Linux, macOS, and Windows) using GitHub Actions.

XAVS Labs — Remote

Full-Stack Developer Intern — Oct 2025 – Apr 2026

- Developed dynamic and responsive web interfaces using React and Next.js.
- Developed and maintained RESTful APIs using Django.
- Designed, managed, and optimized PostgreSQL databases.

Elevvo Pathways — Remote

Machine Learning Specialist Intern — Sept 2025 – Oct 2025

- Built and evaluated machine learning models using Scikit-learn, TensorFlow, and Python.
- Prepared, cleaned, and preprocessed datasets using Pandas and NumPy.
- Created data visualizations and interactive dashboards using Matplotlib and Seaborn.
- Evaluated model performance and extracted actionable insights from experimental results..

VNB-IT — Remote

Full-Stack Developer Intern — Jul 2025 – Aug 2025

- Developed RESTful APIs using Django.
- Developed responsive user interfaces using React.
- Implemented real-time features using WebSockets.
- Designed and maintained PostgreSQL databases using Django ORM.

Personal Projects

PennyPilot

• Developed a full-stack budget management application featuring expense tracking and financial analytics.

TCP/IP Protocol Modeling:

- Developed a MATLAB simulation of the TCP/IP protocol stack to analyze packet transmission and network behavior.

Devtinder:

- Developed a full-stack job matching web application connecting job seekers with relevant opportunities.

Skills

Programming Languages:	Rust • Python • JavaScript • C
Frameworks:	React • Next.js • Django • Flask
Cybersecurity:	WireGuard • Wazuh • Docker • GitHub Actions • NATS • SIEM • OCSF
